# ABOUT US

# FREIGHT & LOGISTICS

Established in  
**2013**  
in Pakistan

Skylink Network has been the leading name since 2013, concerning with logistics and freight transportation. Our potential objective is to become a single window logistics provider of integrated supply chain solutions by meeting exceeded demands of our global clientele in terms of cost-effectiveness, flexibility, & dependability. Considering our extensive industry experience, we customize our service range to match the expectations of the industry and delivering dependable results all over the world. We are able to provide full supply chain solutions in relation to our in-depth understanding of the logistics sector. Our professional knowledge & international shipping agency network have been constantly updating and expanding to offer the highest level of satisfaction for our clients. Our motto of "one-stop-solution" for all your logistics and transportation needs, is something we are continuously working on.

**Skylink Network**  
is one of the  
most successful  
NVOCC &  
shipping services  
provider in Pakistan.

Our team comprises of professionals with extensive expertise and certified Logistics Specialist who can offer administrative insights about the complete logistics operation, from pick-up till last mile deliveries, & tailored approaches that might facilitate it. We are internationally connected with numbers of freight agents who have been collaborating with us for a long time, and they are contributing to assist in preside over inceptive shipping requirements. Being the first officially recognized WCA hazardous goods carrier in Pakistan, we are honored to hold the WCA's accreditation as a fully bonded freight forwarder and NVOCC.

## MISSION

To become world's top most preferred supply chain partner by applying innovative market trends to improve service quality. We are revolutionizing the way business experience logistics, facilitating supply chains, & stimulating strategic relationships with our clients with the help of dedicated commitment to integrity, transparency, and innovation to meet client's expectations.

## VISION

We are connecting people, business & communities by setting new benchmarks in the shipping industry to become a global logistics powerhouse. And when it comes to diversity, integrity and inclusion, one of our main goals is to establish a culture of belonging thus we strive to expand our service portfolio and nurture a dynamic work environment along with cultural diversity that attracts and retains the fine talent.

## COMMITMENTS

We are committed to promote fair trade practices and always ensure compliance with international codes of conduct. Skylink prioritize worker welfare, human rights, and responsible business practices throughout our every business processes.

# SEA FREIGHT SERVICES

## VALUE-BASED PRICING: CHOOSE SKYLINK SHIPPING

Skylink network is affiliated with largest network of freight forwarding operating within a worldwide network - All World Shipping Corp. and World Cargo Alliance (WCA Networks).

Our extensive and long-term relations with shipping lines and global logistics partners which means that we can provide you with access to a global carrier portfolio, covering all major ports, with the best transit times, fully flexible scheduling and space protection agreements to meet your individual shipping needs.

Skylink network offers personalized service for sea mode FCL or LCL shipments which remains integrated within our global network, systems, and operational procedures support from start to finish.

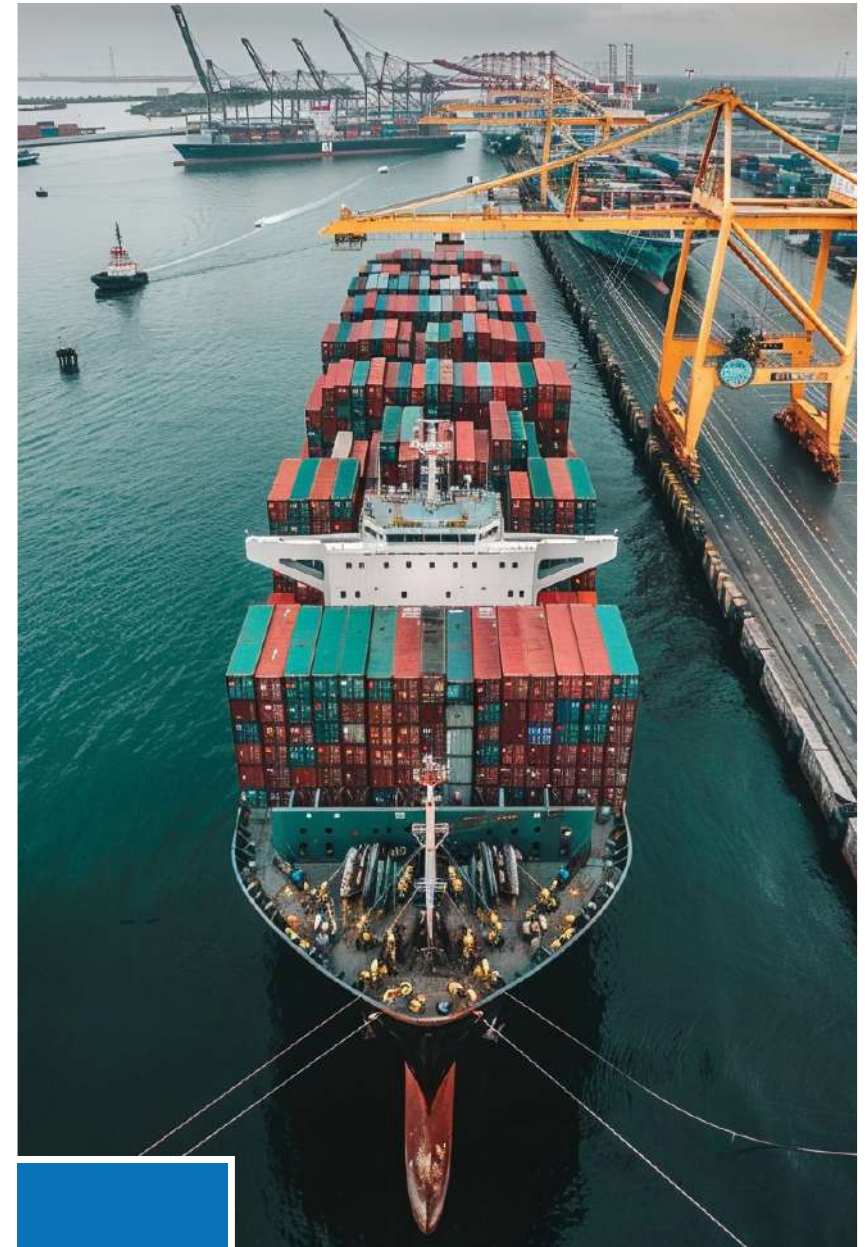

## SEA FREIGHT SERVICES – ON A SAFE COURSE

Skylink network offer competitive rates and personalized service that offer the right choice for LCL and FCL bookings including Pre-Carriage and On-Carriage. The experience, competitive rates and personalized services that offer the right choice for all of your critical sea freight needs.

## SEA FREIGHT CARRIERS

For your sea freight cargo, we use trusted and reliable sea freight carriers to ship your cargo.

# FREIGHT & LOGISTICS

# FREIGHT & LOGISTICS

When you need the price advantage of sea freight, our agreements with all the major global sea carriers will mean that we can get you the best competitive combination of routing, carrier, price and departure and arrival times to suit your needs.

No matter the size, type and frequency of your orders, we have a solution that fits your needs.

## **SPECIALIZED SERVICES:**

- FCL - Full Container Load
- LCL - Less Than Container Load
- NCL - Non-Containerized Load
- Ocean Charter & Project Solutions
- Buyer's Consolidation Services
- Bulk & Break Bulk Cargo
- Back-To-Back
- Sequence Logistics

- Value Added Services Related to SCM

## **MULTIMODAL TRANSPORT MODES: COST-SAVING, UNIFIED, INTELLIGENT TRANSPORT**

Multimodal transport combines cross border (Sea + Air & Air + Sea), shipping solutions across the globe for savings over straight single mode freight shipments, all while maintaining reasonable transit times. Combining Sea + Air shipping services can also help you minimize destination Warehouse/ Storage charges.

Skylink network offers personalized service for multimodal shipments which remains integrated within our global network, systems, and operational procedures support from start to finish.

## **MULTIMODAL TRANSPORT SERVICES – PROFITABLE SOLUTIONS**

Transit times for multimodal service drop between normal air and ocean shipments on the same track, with cost savings up to 30 percent over a single transit mode.

Your consignment moves on a single transport document & a single freight price per kilogram, that covers all transportation and trans-shipment costs.

## **SEA – AIR COMBINED TRANSPORT**

Our staff can design combined shipping using almost all kinds of specialized solutions. When it comes to the strict rules and regulations governing for specialized transport, you can leave all the paperwork in our hands. We ensure that your cargo is transported in compliance with the rules and regulations on the following types of shipments:

# FREIGHT & LOGISTICS

- Sea + Air = Shipping Combinations
- Sea + Air Export Consolidation
- Sea + Air Import Consolidation

No matter the size, type and frequency of your orders, we have a solution that fits your needs.

## **SPECIALIZED SERVICES:**

- Unified Contract Logistics
- Full Documentation Services
- Carrier's Tracking
- Transit Timelines
- LCL - Less Than Container Load
- NCL - Non-Containerized Load
- Ocean Charter & Project Solutions
- Buyer's Consolidation Services
- Bulk & Break Bulk Cargo
- Back-To-Back
- Sequence Logistics
- Distribution Services
- Customs Clearance
- Transport Management - Bounded & Non-Bounded
- Temperature Controlled Logistics
- Perishable Goods Logistics
- Dangerous Goods Logistics
- Combined Transport
- Value Added Services Related to SCM
