

HAZARDOUS GOODS TRANSPORTATION

REGULATED GOODS:

Chemical, Hazardous & Toxic Products

Dangerous or HAZMAT goods shipping can be assumed of as everything which poses a risk to life, property, or the atmosphere. Skylink simply remove these risks!

If you're our client, you have 100% assurance that at all stages for handing of hazardous goods are handled and processed with expert care and attention, in compliant with shipping regulations. This applies at the point of origin, in transit, and at the final destination point - a classic example is Chemistry, Oil & Gas, Paints, Explosives, Mining, & Global Waste.

Skylink freight forwarding division is acting as the only freight forwarding agent in Pakistan with the accreditations to transport and packing solutions for hazardous goods, around the globe.
